BACKGROUND:

The Community Development Department received a sign permit application from Global Sign Solutions requesting to add an LED sign on the existing pole sign for Sundown Marine. I sent an email asking for them to apply for a special exception to allow this type sign as indicated in the Glenpool Zoning Code. I subsequently received the 300' radius name list from a licensed bonded abstractor from the owner in order to complete the application and to set this application for public hearing before the Board of Adjustment.

 - b. Flashing or intermittent lighting and a combination of colors such as red and blue such as could be confused with emergency vehicles or traffic control signals or cause a traffic safety hazard shall be prohibited.
