

EXISTING STORM SHELTER REGISTRATION FORM

Homes with storm shelter and/or safe rooms certainly have an added measure of protection for those living there. However, if disaster should strike and tree limbs and other debris cover the shelter or safe room, there could be an added problem being trapped inside. In order to help the Glenpool emergency responders be sure that citizens in any of those damaged areas are safe and sound, the City is registering storm shelters and safe rooms. If you have such a facility and have not yet registered it with the City, please take time to do so. You can print the form, fill it out and then mail it to:

City of Glenpool
Storm Shelter Registration
12205 S Yukon Ave
Glenpool, OK 74033

The City of Glenpool has a Storm Shelter database and would like to include your certified installed storm shelter and/or safe room in this list. In the event of a disaster, a print-out of all locations for storm shelters and safe rooms in the city would be distributed to early responders to help them look for survivors. There is no charge for this service. Simply fill out this form and return it to the Community Development Department at Glenpool City Hall.
