

How quickly can I get service connected?

Water service can typically be provided the same day when a new account is established prior to 2 p.m. However, same day service cannot be guaranteed.

Is a deposit required?

Each utility account must have a utility deposit. Residential account deposits are based upon whether the property is being purchased or leased. Deposits for purchased properties are \$75 while deposits for leased properties are \$100. Deposits will be credited on the final bill for an account or transferred to a new local address when moving. We do not refund deposits while service is still connected.

To establish a new account:

New accounts can be established in person at the City of Glenpool Water Department, 14526 S Elwood Avenue, Glenpool. Our office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday. We are closed for lunch daily, from 12:00 p.m. to 1:00 p.m.

New services can also be established online at

<https://www.glenpoolonline.com/157/Utilities>. Opening an account takes about 15 minutes at our customer service window. Your service address, driver's license, social security number, copy of your lease/rental agreement, \$10 connect fee, and a deposit are required to establish service. Because water can be damaging if a faucet has been left on, the resident is required to be present when new service is connected.

Billing Information:

Utility statements are issued on the 15th of every month and are due on the 10th of the following month. A 10% penalty is added to the account balance if not paid by the 10th.

Water and sewer charges are based on consumption.

When is my meter read?

Meters are typically read within the first 6 days of the month. This can vary depending on the day of the week a new month starts as well as holidays.

How is my meter read?

The majority of Glenpool is installed with RG3 Perpetual PD Meters. This is radio read system that allows for better accuracy when calculating usage, determining flow rate, and diagnosing leaks. This meter system allows the city to obtain monthly reads
